THE REVOLUTIONARY HYBRID TELEPHONE SYSTEM FOR SMALL BUSINESS

THE PHONE SYSTEM FOR OFFICES WITH 1 TO 32 PHONE USERS

SMALL BUSINESS

MULTI-BRANCH BUSINESS

HOME-BASED BUSINESS

TalkSwitch

I am TalkSwitch®. I was built on an idea so simple it's revolutionary; that small businesses deserve telephone systems that are as sophisticated and as powerful as big business systems, but without the big business prices.

I deliver. I have an amazing range of features and I'm compact and easy to use. I have built-in auto attendants, voicemail, and powerful remote extension capabilities, and I will change the way you do business.

INTRODUCING THE TALKSWITCH 48-CVA

Voice over IP technology that small business can afford? Meet the hybrid TalkSwitch 48-CVA. The latest addition to the award-winning TalkSwitch family, it combines access to traditional and Internet-based networks. Eliminate branch-to-branch long distance charges and access the new world of Internet-based

telephone services while maintaining your existing telephone service, and without buying expensive IP-enabled telephone sets. With rich features and hybrid IP/traditional telephony at a price that fits small business budgets, the TalkSwitch 48-CVA is a revolution in small business phone systems.
